Session 2

DO THIS NOW, SIX MINUTES

Post to the discussion board. Finish this sentence:

“I am inspired by ...”

One image, plus one or two sentences on WHY.

Bring a laptop out. You will set up two accounts today.

Look at What We Posted

0:36

1 What repeats?	The names and images we all arrived carrying.
2 Who is MISSING?	Nobody posts a teammate, a teacher, or someone still figuring it out.
3 Who surprised you?	Ask that person to say more about their WHY.

Next: Focus 2, then your resume, then your profiles.

Focus 2. You take it tonight.

WHAT FOCUS 2 IS

A career and self-assessment tool, free to UTD students. About thirty minutes.

It will NOT tell you what to major in.

It gives you a list worth investigating, and language for describing how you work.

That language is what goes into your resume and your profile.

What Goes on a Resume

0:06

ACTION VERB + TASK PERFORMED + RESULT

1	**QUALIFY**	Adjectives or adverbs that describe the impact.
2	**QUANTIFY**	Real numbers only. Do NOT fabricate.
3	**Do not skip PROJECTS**	Usually the strongest first-year section.

Template, worked examples, and the tips guide are all on Canvas.

On Canvas This Week
